

Add LTI links to Blackboard via Deep Linking

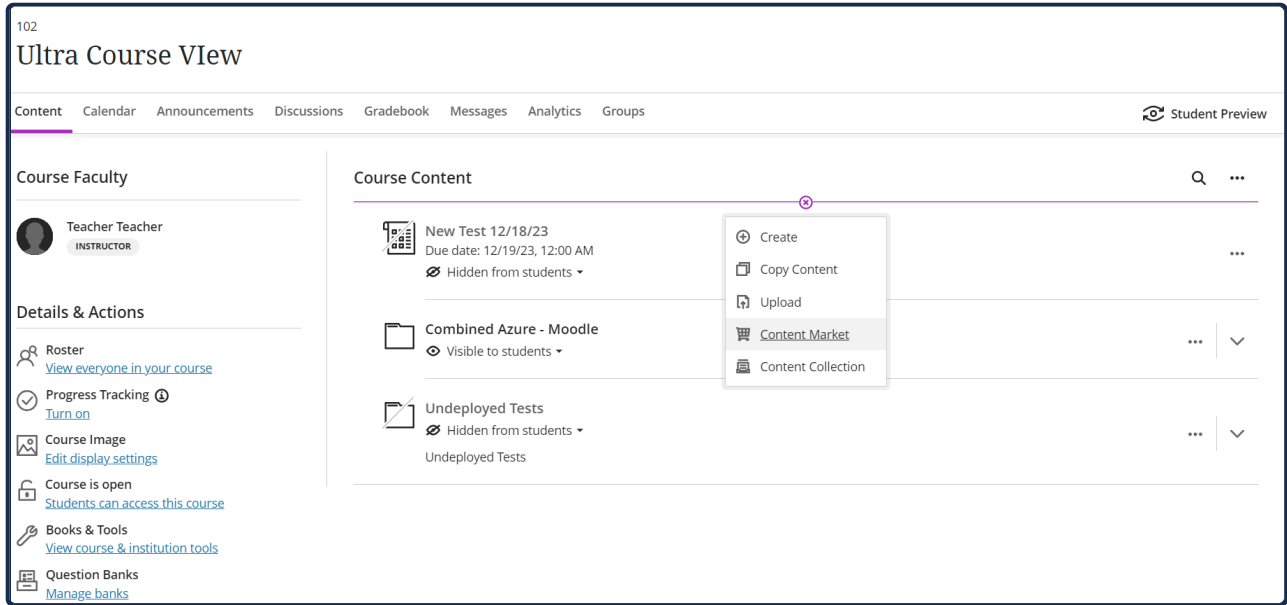

This article will guide you in creating content links in your Blackboard course via Ascend Education's Deep Linking tool.

Instructions

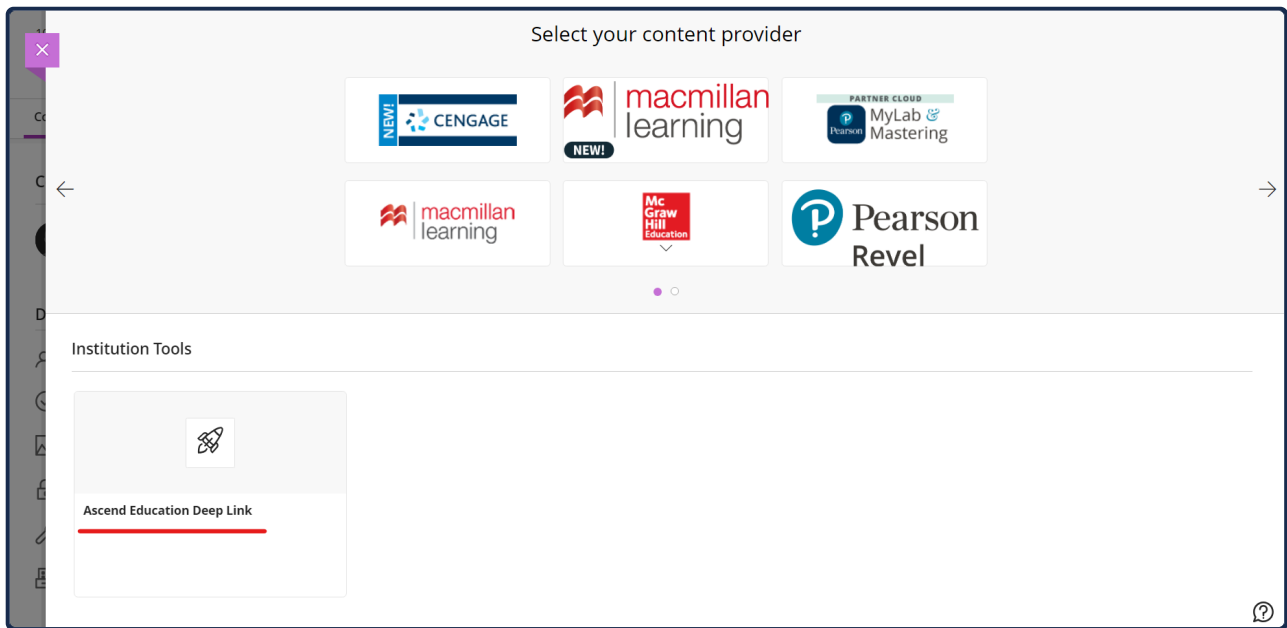

1. Open a new tab and sign into the Ascend Education Courses site. If you do not have an account, please reach out to your Ascend Education account manager or email support@ascendeducation.com
2. **Original View** - Back in your Blackboard course, click the 'Content' item in the left menu. Then Select 'Build Content' → 'Ascend Education Deep Link'

Ultra View - Go to the course and click the + button and select **Content Market**

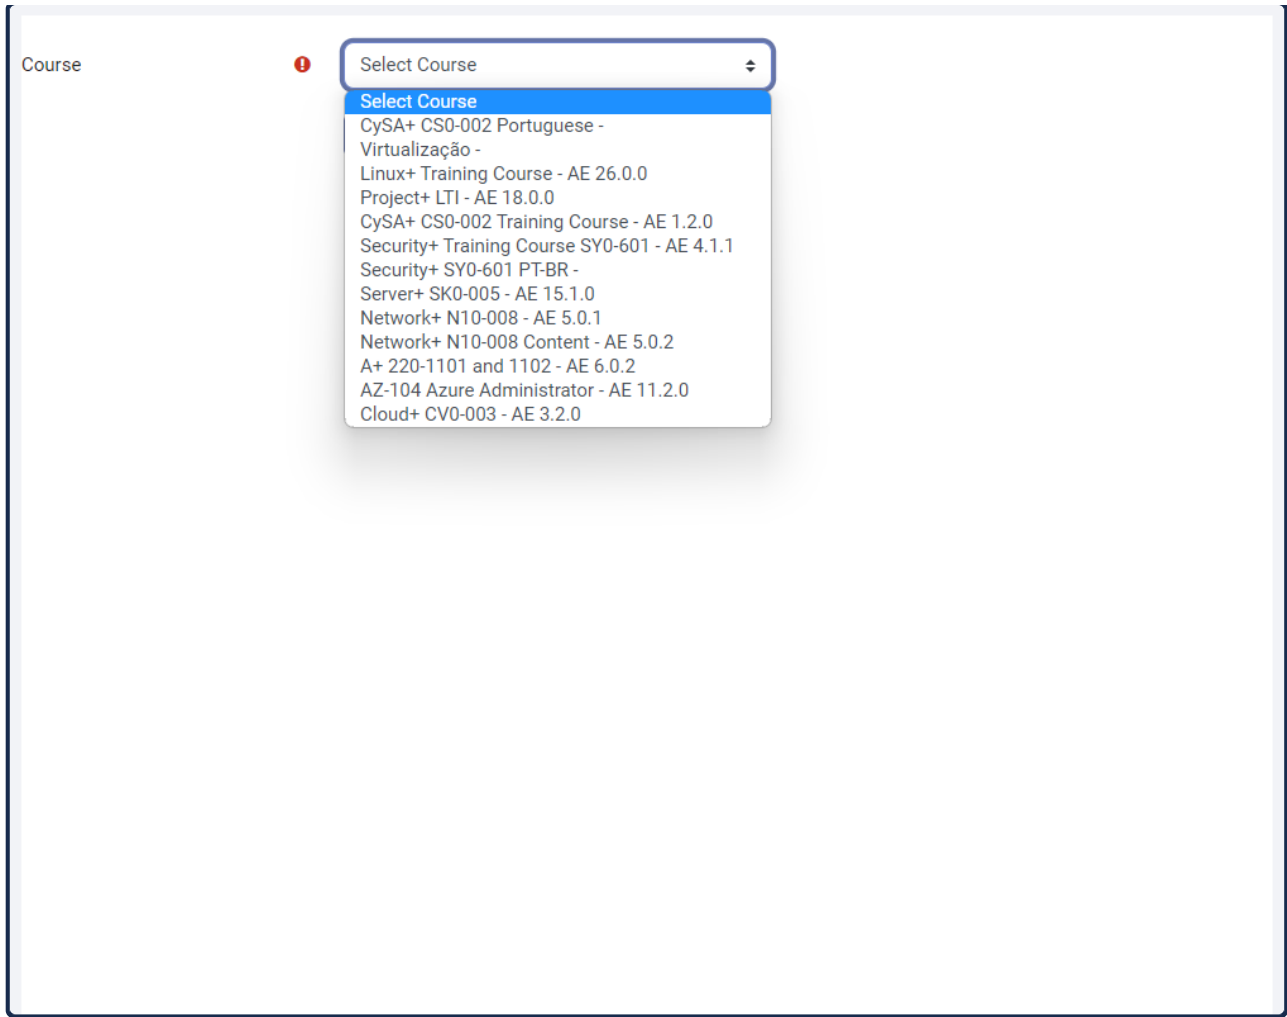

Find the **Ascend Education Deep Link** and click on it:

If it is your first time clicking the link, you will be presented with options to Link your current account or create a new account.

3. Select a course and click 'Continue'

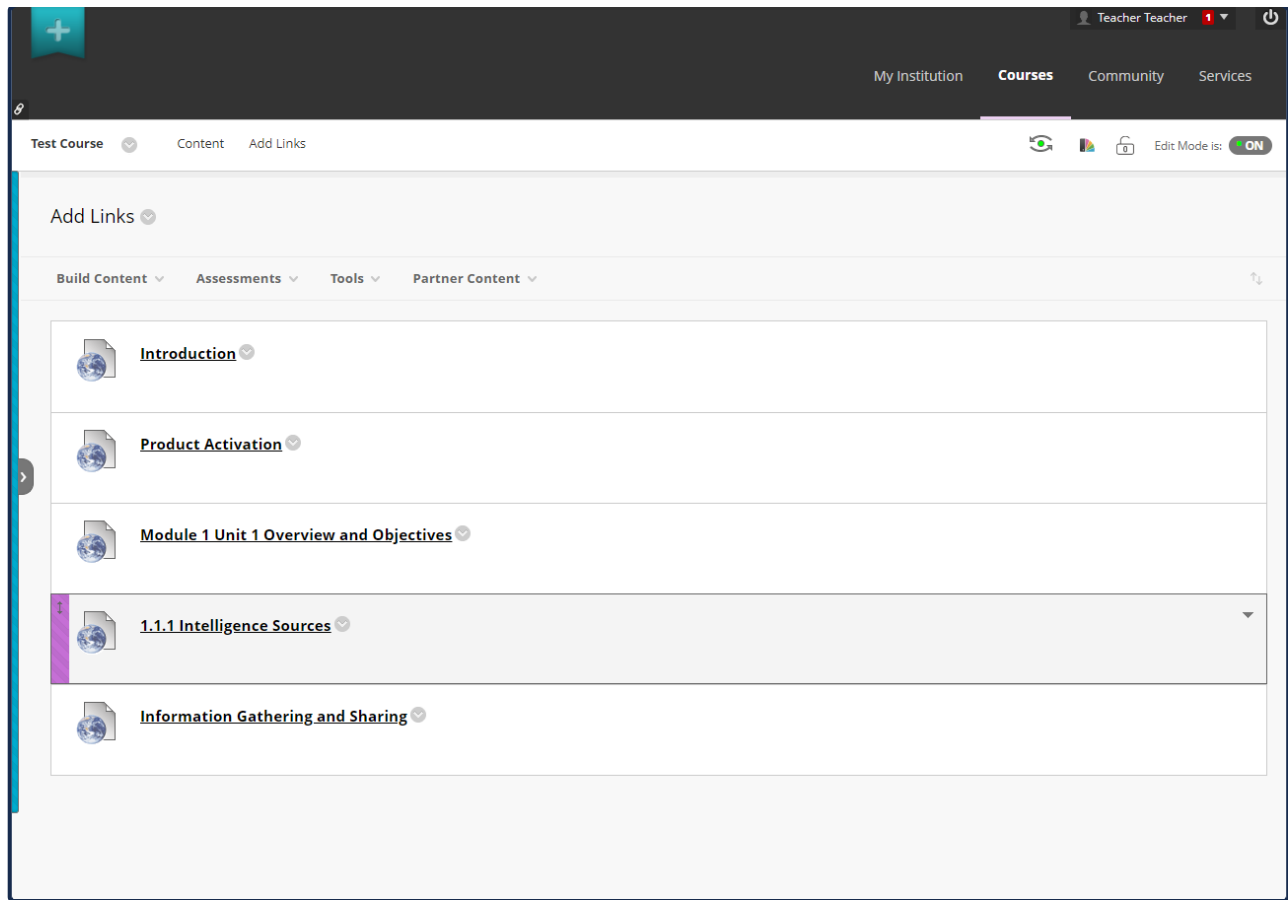

4. Either select individual activities to add to your course or click 'Select All' in the top left corner to select all activities for the course. Scroll to the bottom and click 'Add Content'

5. The links should now show in your course

The screenshot displays the Blackboard 'Add Links' interface. At the top, there is a navigation bar with 'My Institution', 'Courses', 'Community', and 'Services'. Below this, the 'Add Links' section is active, showing a list of course content items. The items are: 'Introduction', 'Product Activation', 'Module 1 Unit 1 Overview and Objectives', '1.1.1 Intelligence Sources' (which is highlighted with a purple bar), and 'Information Gathering and Sharing'. Each item has a document icon and a dropdown arrow. The interface also shows 'Build Content', 'Assessments', 'Tools', and 'Partner Content' tabs, and an 'Edit Mode is: ON' indicator.
