

# Brightspace D2L - Add LTI 1.3 Links to Course

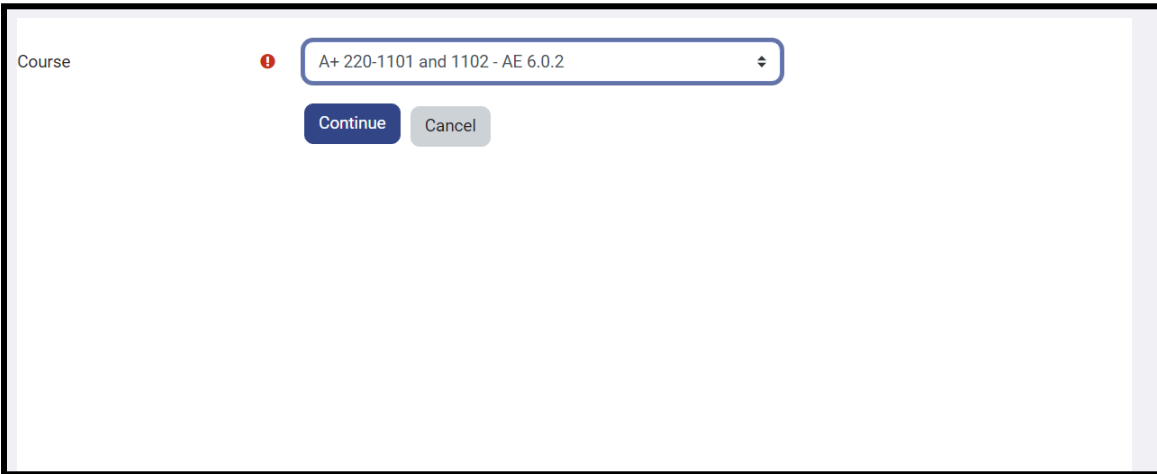

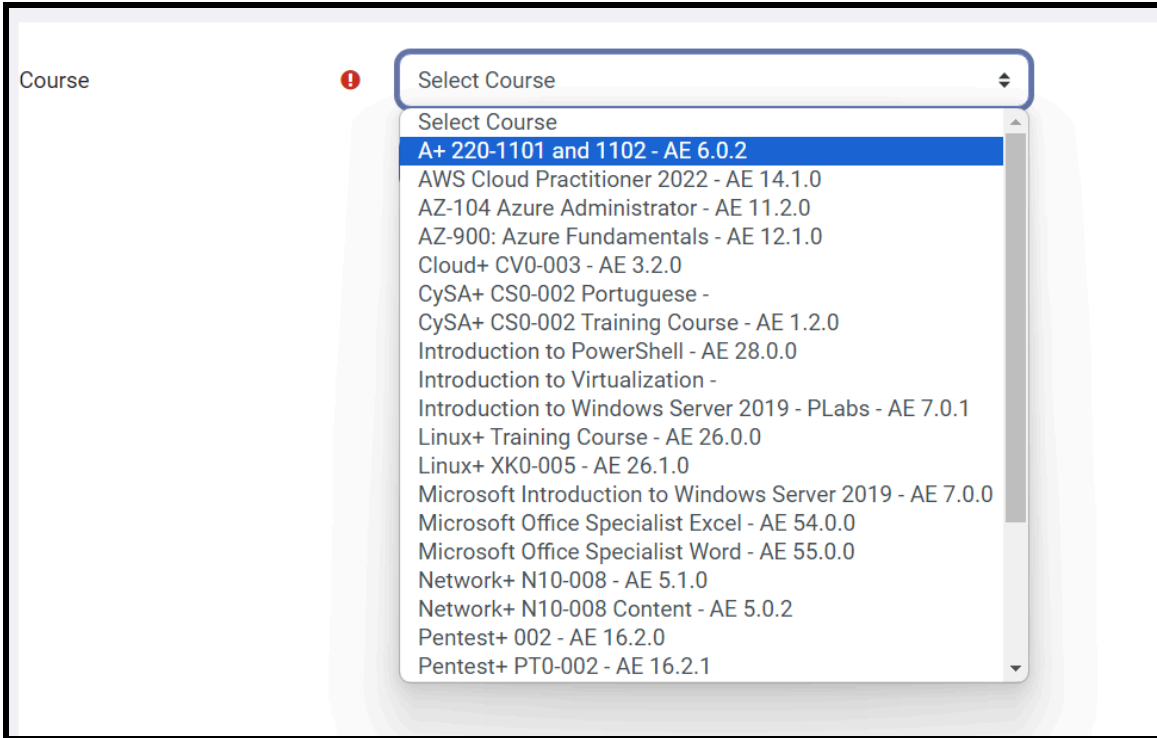

If you already have an account with Ascend Education, please go to [courses.ascendeducation.com](https://courses.ascendeducation.com) and sign in. This will allow you to link the account you already have.

In D2L, go to the course you would like to add links to and select **Content**. Select the **Existing Activities** dropdown and select the **Ascend Education LTI 1.3** link that was created.

At this point it will ask you if you would like to link your account or create a new account. Choose the appropriate link for your situation. Once you have linked or created an account you will be able to select a course.

Select the Ascend Education Course that you would like to pull links from and click 'Continue'.

This will show all the content available for that course. You can either select items one by one to add just a few links or click the 'Select All' option on the top left of the table to select everything.

5.1.1 Data Privacy and Protection	<input checked="" type="checkbox"/>	-
