

Moodle Common Cartridge Import

Import the Cartridge

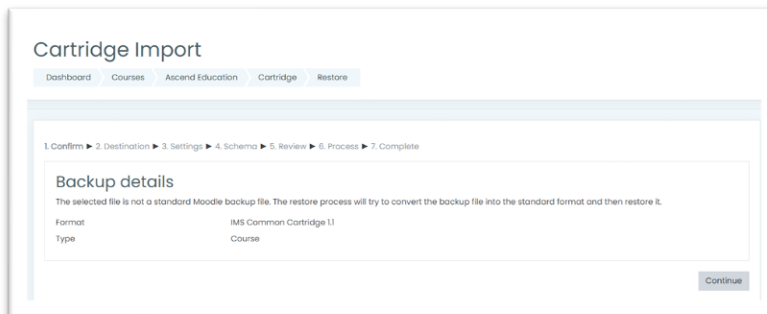

You should have received an email containing an .imsc file along with Key and Secret from your account manager. Go to your course in Moodle and select 'Restore' from the Course settings.

Download the .imsc file from your email and select that file to upload, then click 'Restore'.

Click 'Continue' on the next page

Select where you would like to import the content: A new course, the current course or another existing course and click the corresponding 'Continue' button.

All the links will appear in your course outline, but they will not work until an External Tool with the provided Key and Secret has been set.

Add an External Tool

Go to 'Site Administration', select the Plugins tab and click on 'Manage Tools' under Activity Modules.

Select 'Configure a tool manually'.

Enter the tool settings:

- Tool name: Ascend Education
- Tool URL: <https://courses.ascendededucation.com/enrol/lti>
- Consumer Key: Given in the email
- Shared Secret: Given in the email
- Default Launch container: Embed

Click 'Save Changes'. Go back to the course and verify that the links work. If they don't, verify that the consumer key and secret are correct in the external tool. If that still doesn't work, please send a screenshot to support@ascendededucation.com.

Graded Items

Graded items will not show up in the gradebook until students start doing the assignments.
